Royal Navy Aiding In Decisive Battle For Strongholds

Siege Columns Are Attacking Less Than Dozen Miles From Axis-Held Citadels
SHIP LOSSES REPORTED

By ROGER D. GREENE
Associated Press War Editor
Led by victorious American troops, the British 1st Army tightened a trap around Axis forces in the Bizerte-Tunis zone today while the British Royal Navy provided cover and pro-Allyed French soldiers beat off another German counter-attack at Pont de Fahs, 30 miles south of Tunis. Frontline dispatches said a decisive battle for the two key Axis strongholds in Tunisia was apparently under way. Allied siege columns were attacking less than a dozen miles from the Axis-held citadel, with one force striking southward toward Tunis from Medjez-El-Bab and another driving toward the big Bizerte naval base from the Mateur sector, 12 miles below Bizerte. Heavy fighting was reported at Mateur. Allied headquarters gave no details on supporting operations by the British fleet, announcing merely: "The Royal Navy is assisting in the provision of cover for the advance of our forces."

Airmen Balk Jap Efforts To Reinforce

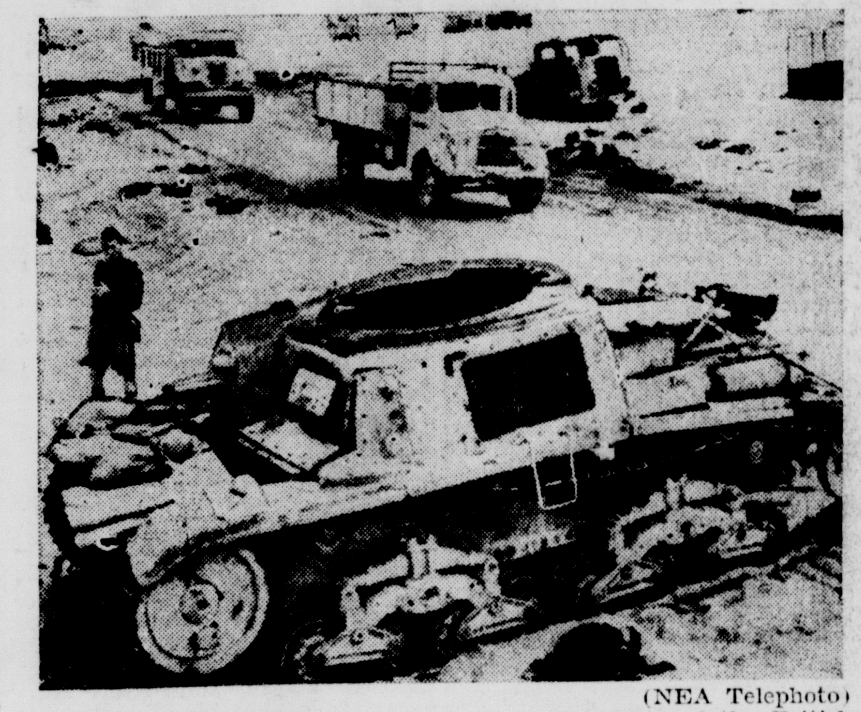

By C. YATES McDANIEL
Allied Headquarters in Australia, Dec. 3.—(P)—General Douglas MacArthur's air forces supporting ground troops closing in on the Buna-Gona area on the New Guinea coast have smashed new Japanese attempts to land reinforcements in a 12-hour running battle with four Japanese destroyers and their screen of fighter planes. The Allied planes knocked 23 enemy fighters out of the air as they carried the attack to sea, forcing the destroyers to withdraw without materially aiding their hard-pressed forces on the shallow beachhead ringed by Allied ground troops. The planes also kept up low level attacks on Japanese ground positions between Buna and Gona. The destroyers and their fighter screen were sighted in mid-afternoon Tuesday coming from the coast of New Britain. Flying fortresses roared to the attack and were engaged by the Japanese fighters. North American B-25s came in and made a direct hit on one destroyer but the flotilla continued its zigzag way towards New Guinea.

WAR BULLETINS

Cairo, Dec. 3.—(P)—Heavy United States bombers have destroyed or heavily damaged six merchant ships in Tripoli and have smashed the Spanish and Karmanli moles so severely in the Axis' only remaining Libyan harbor that their use has been impaired, a U. S. army headquarters communique said today.
London, Dec. 3.—(P)—Foreign Secretary Anthony Eden told the house of commons today that the British government did not consider itself bound by the statement of Admiral Jean Darlan in which he assumed responsibility as head of the French government in Africa.
With the Allied Armies in the Tebourba Area, Tunisia, Nov. 30.—(Delayed)—(P)—Fifty snipers dressed as Arabs were dropped by the Germans by parachute in an effort to delay the Allies from taking Tebourba, it was disclosed today.
Washington, Dec. 3.—(P)—Liberia, on the strategic west coast of Africa, has granted air base rights to the United States for the duration of the war.
San Francisco, Dec. 3.—(P)—A radio broadcast early today ordered all fleet personnel in the San Francisco area to report to their ships at once. Navy spokesmen, who said such a broadcast was sanctioned, did not disclose the reason for the order.
London, Dec. 3.—(P)—The RAF, renewing its night assaults on the Reich, after a lapse of 10 days, struck last night at Frankfurt and several other objectives in western Germany, the air ministry announced today. Six aircraft were lost.
Moscow, Dec. 3.—(P)—Tass, the official Soviet news agency, reported today in a dispatch datelined Stockholm that in a recent council of war at Adolf Hitler's headquarters, Heinrich Himmler, chief of the Gestapo, had urged complete German occupation of Italy.

Gulf Coast Is Scanned For Aerial Hero

"Buzz" Wagner, American Ace, Missing Four Days On Routine Flight
YOUNGEST LIEUTENANT
Washington, Dec. 3.—(P)—Army fliers scanned the waters and coast line of the Gulf of Mexico today for their "one-man aerial blitz," Boyd D. "Buzz" Wagner, of Johnstown, Pa., first American ace of World War II, missing four days on a routine flight. Wagner, one of the army's youngest lieutenant colonels, took off from an army air base in Fla., for Maxwell Field, Ala., and has been unreported since, the war department announced last night. He was understood here to have been flying a single-engine pursuit plane. As a lieutenant, Wagner was commanding a squadron of P-40s in the Philippines when the war started and within two weeks shot down five Japanese planes and led his squadron in destroying 24 more on the ground. The records aren't complete on this ace's victories, but the air forces credit him with destroying between 30 and 50 enemy planes in the air and on the ground.

Extent Of Shortage Of Crude Secret

Kansas City, Dec. 3.—(P)—There is a crude oil shortage in the United States, but the figures are secret, government witnesses told Senator Truman's wartime investigation committee. Chairman Truman (D-Mo.) countered with the state that precautionary rationing of fuel oil in the producing midwest would "be vastly improved by a little horse sense." Committee members leave for Washington today, to resume the hearings Friday.
E. B. Swanson, director of research for the petroleum coordinator, and Wirt Franklin, director of production for the Chicago section, were the final government witnesses.

MEANEST EVADER IS GIVEN THREE YEARS

Philadelphia, Dec. 3.—(P)—Samuel Victor Barr, 41, whom assistant U. S. Attorney Edward A. Kalick called "the meanest draft evader," began a three-year prison sentence today on a charge of failing to notify his draft board of change of address and of falsely claiming that he supported his 73-year-old invalid widowed mother. Kalick said Barr "not only did not support his mother, but he was spending the little money she had saved up in night clubs, x x x He looked her in a room in their home and kept her without bread and water for a long time, and he had fraudulently converted an automobile and a diamond ring belonging to her."
Barr pleaded no defense.

REGULATIONS ON SALARIES UNDER FIRE

Treasury Officials Scatter To Storm Cellars Jump Ahead of Agitation For Revisions
REPORT IS SUBMITTED
BY KENNETH L. DIXON
Washington, Dec. 3.—(P)—Stabilization experts of the treasury's bureau of internal revenue scattered to the storm cellars today—just one jump ahead of an army of white collar workers shouting, "Hey, what about me?" Voluminous but somewhat vague details of a program planned to prevent most raises and hold all salaries to \$25,000 net a year, or a base of \$67,200, were issued after weeks of waiting. But the question of whether a lot of citizens named Joe will get raises was still unanswered, remaining up to the bureau's regional offices to settle, case by case. If it's any consolation, cutting Joe's salary appeared to be just as big a question and due for identical treatment. Under terms of the anti-inflation program outlined by President Roosevelt and Economic Director James F. Byrnes, the bureau must regulate all salaries over \$5,000 net a year, plus those under that figure when paid to non-farm unorganized administrative, executive and professional workers. Last night, the bureau announced the details, outlining definitions and broad terms of the program in a 21-page, single-spaced typewritten report. But as Joe searched it mainly for the solution of his specific problem, a treasury spokesman admitted: "There are thousands of questions which remain unanswered." While the new regulations indicated that there are many ways by which salary increases may be given, the bureau stressed that most of them must be approved by the internal revenue commission—through one of the regional stabilization offices—or both employer and employee may risk a \$1,000 fine or a year's imprisonment. Raises may be given without the commissioner's approval only for individual promotion or reclassification, individual merit increases, length of service "under the established plan," operation of a trainee system, or "such other reasons or circumstances as may be prescribed in rulings or regulations by the commissioner from time to time."

Bank Teller Dies After A Brief Illness

Leonard M. Swanson Succumbs To Heart Attack At His Home
PASSING IS UNEXPECTED
For the second time in two days this community is faced with the shock of losing one of its active, younger members, Leonard G. Swanson, employee of the Warren National Bank for more than 20 years, dying suddenly of a coronary embolism about noon today at his home, 513 Conewango avenue. After shoveling the sidewalk at his home this morning, he had started his duties at the bank, complaining a short time later of feeling ill. He was taken to his home and after a brief errand from the house, his wife returned to find him collapsed. A hurriedly summoned physician pronounced him dead of a coronary embolism. Mr. Swanson had been ill some time ago and had submitted to treatment and an operation, but was believed to be getting along satisfactorily.

Three Lose Lives In Fire Near Sharon

Sharon, Dec. 3.—(P)—Two children and their uncle burned to death early today when fire, whipped by a fierce and bitterly cold wind, destroyed their home in Brookfield township, O., a mile east of here, within an hour. The victims were Marilyn Uber, 10, her brother, William, 15, and Benjamin Uber, 46, the uncle, who remained in the six-room frame building in an attempt to save them. Another brother, Joseph, 18, also tried to rescue Marilyn and William, but flames drove him from their bedroom. He escaped by jumping to the ground from a porch roof. The fire was caused by an overheated stove. Outside it was five above zero. The children's father, Albert Uber, lives at Bedford, O., where he works.
LOTTERY TRIAL STARTS
Utica, N. Y., Dec. 3.—(P)—A jury of eight men and four women, selected yesterday, was called today to begin the trial of 29 men indicted in connection with the operation of a 13-state lottery ring. The government charged that lotteries were operated in Pennsylvania, New England, Ohio and as far south as North Carolina. Ten Pennsylvanians are among the defendants being tried.
FALL PROVES FATAL
Greenville, Dec. 3.—(P)—Mrs. C. H. Reinhardt, 59, of Greenville, R. D. 6, died in Greenville Hospital today of injuries received when she was struck by a skidding automobile in front of her home Sunday.

GREAT LAKES NAVAL STATION BEST TEAM

New York, Dec. 3.—(P)—The Great Lakes naval training station football team, strong enough to have blanketed seven of its 11 foes this season, is the nation's leading service team in the opinion of 91 sports writers polled by the Associated Press. The Sailors, whose eleven of World War 1 days was outstanding, don't complete their schedule until Saturday against Notre Dame in Chicago, but 50 of the voters decided that no matter what the outcome the sailors are the best. Although the army produced two teams late in August that were good enough to hold their own with various clubs from the National League the navy snared the first six places among the top ten and also had the Pensacola Pilfers in the eighth spot.

Philly To Dim Out Nightly

Philadelphia, Dec. 3.—(P)—Philadelphia will "dim out" nightly beginning December 21 to avoid providing a sky glow to guide any enemy bombers roaring over the Atlantic toward war installations. The date of the dimout and detailed orders to electricity consumers were announced yesterday by Major General Milton A. Reckord, commanding general of the Third Service Command. All of Philadelphia and Delaware counties and parts of Chester, Montgomery and Bucks counties will be affected. Regulations call for: 1. Extinguishing all exterior luminous signs, including advertising signs on walls, and billboards. 2. Extinguishing of store lights in show windows if they are exposed to sky view. 3. Reduced illumination of theater marquees so no lights shall be visible above the horizon. 4. Shielding of lights at athletic fields, outdoor amusement places, parking lots and other open-air locations.

Severe Snow Storm Closes Some Roads and Slows Down Traffic Almost To Standstill

Observer Has Taste Of His Owl Weather
Pittsburgh, Dec. 3.—(P)—W. S. Brotzman, U. S. weather observer here, today got a taste of the weather he is always predicting for everyone else. "I had to wait half an hour for a street car," he chuckled. "Boy, I don't know when I've been so cold." At 8 a. m. it was eight above, which broke the all-time Dec. 3 mark of nine degrees set here in 1940.

Sixteen Plows Manned By Force of 137 Men Are Bucking Drifts

CINDERING CREWS BUSY
Warren county, in common with most of the eastern states, is experiencing one of the worst storms that has swept the section in many years. The storm broke yesterday and during the afternoon hours the mercury fell rapidly until the thermometers registered about 12 degrees above zero at 4 o'clock. Shortly after that time the mercury started to rise slightly and at 6 o'clock a snow storm moved into the area and during the night from eight to 13 inches of snow were deposited in this section. In Warren there was a fall of from eight to ten inches of snow, but in the Yankee Bush area 13 inches of snow were reported. The high winds that accompanied the snow fall caused huge drifts to form and many roads were closed and traffic was slowed almost to a standstill. Despite the conditions most of the Greyhound busses came through on time and the train from the east this morning was about 40 minutes late. The State Highway Department swung into action and has been engaged in a stiff battle with the elements. One hundred and thirty-seven men were employed today bucking the snow. Sixteen snow plows were put to work and following the plows were trucks with cinderers crews which took care of curves and hills and aided the automobile drivers to keep moving. The highway employees started working Tuesday night at 2 a. m. getting the roads open. They were covered with several inches of slush due to the snow and ice being melted by the rain that fell and the highway men feared they would freeze and cover the roads with tire cutting ridges. This work had been completed and the crews relieved, but they had to be called back last evening. At 9 o'clock this morning the main highways were all opened and work had been started on opening the secondary highways. Most county improved roads were open for traffic except the Lottsville and from Lottsville to Bear Lake. Roads of the dirt and farm to market roads will be opened later as the work progresses and heavy plows will be used to buck out the drifts on these roads. The

Labor Chiefs Move Toward Total Unity

BY JOSEPH A. LOFTUS
Washington, Dec. 3.—(P)—The AFL-CIO plan of "practical cooperation," agreed to as a step toward total unity, will get its first test immediately in the Kaiser shipyards dispute. The plan, decided on yesterday by leaders of America's two major labor movements, provides for arbitration of jurisdictional differences which cannot be solved by the unions themselves. The agreement is subject to approval of the AFL and CIO executive boards, but unity negotiations will go forward meanwhile. President Roosevelt, it was learned, has intervened to prevent a prospective knock-down, drag-out fight which finds the National Labor Relations Board in the middle. Through James F. Byrnes, his economic stabilization director, Mr. Roosevelt has requested that leaders of both organizations withhold their fire in the Kaiser battle and try to reach a conference solution.

Sugar Plums Mostly Visionary For Youngsters This Season

New York, Dec. 3.—(P)—Sugar plums will be mostly visions in youngsters' heads this Christmas. The red and white striped candy canes, which used to provide all Christmas Day sucking for boys and girls, have practically disappeared. "I guess they'll have to settle for lollipops," said one confectioner who quit making the traditional sugar sticks. Chocolate Santa Clauses, reindeer and other toothsome figures likewise have approached the memory-only status. "They're solid chocolate and we just can't do them," a manufacturer said. He pointed out that chocolate quotas were 60 per cent of former years and said probably not more than 35 per cent of the cocoa product would reach civilian mouths.

TOLL MUCH LOWER THAN ANTICIPATED

Sixteen Naval Vessels Sacrificed By Allies Includes Five United States Transports
SOME ARE DAMAGED
BY BLAKE SULLIVAN
London, Dec. 3.—(P)—The Allies lost 16 naval vessels, including the small British aircraft carrier Avenger and five United States naval transports, during the AEF-led landings in French North Africa, official announcements in London and Washington said today. The toll in warships was described in the house of commons as considerably smaller than expected. The U. S. navy department told of the sinking of the transports, adding that three other transports, a destroyer and a tanker were damaged. These announcements came as further effective blows were reported against the Mediterranean supply lines of the Axis.

A. V. Alexander, first lord of the admiralty, told in commons of the sinking of the Avenger, three destroyers, two cutters, a sloop, a minesweeper, an anti-aircraft ship, a depot ship and the Corvette Gardania, but said these totaled "far less than the enemy claimed." Without citing figures, Alexander described merchant ship losses from the Allied armadas as light. Simultaneously, an admiralty communique announced that a British naval force directed by Rear Admiral C. H. J. Harcourt, including three cruisers, pounded on a Tunisia bound Axis convoy Tuesday and sank four transports and two destroyers, to boost the steady levy upon Axis sea power. The new British destroyer Quentin was subsequently hit during an attack on the flotilla by Axis dive-bombers, and torpedo planes and sunk, the admiralty said. This campaign, referring to the same engagement, declared the British lost a cruiser and a "light unit" and that a British destroyer was seriously damaged in the combined sea and air action. It mentioned the sinking of only one Italian destroyer.

STATE FARMERS WILL BALLOT ON FRIDAY

Harrisburg, Dec. 3.—(P)—Pennsylvania farmers ballot tomorrow to elect 2,600 agricultural adjustment administration committee-men in 811 communities. The committeemen, explained the state war board of the U. S. department of agriculture, will be responsible "for the equitable operation of government rationing programs, the securing of adequate farm labor and transportation and the efficiency of price-supported programs to increase production of war crops." Of the Allied warships lost in

No Ceiling Prices On Christmas Trees

Washington, Dec. 3.—(P)—There will be no ceiling on Christmas trees. Three government agencies today exempted the yuletide institution from price, production and distribution control. The Office of Price Administration said there would be no price ceiling, but asked that "prices be held at the level of last year."

Oil Producer Dies In Blaze

Bredinsburg, Dev. 3.—(P)—A. R. Bredin, elderly well-to-do farmer and oil producer was believed to have perished in a fire which burned his 12-room house to the ground in this Venango county town a mile north of Franklin today. A domestic said she thought Bredin went to the second floor bathroom to light an oil stove. The maid and Mrs. Bredin, an invalid, who was with her on the first floor, called to him but received no answer. Then flames burst from the second floor. The maid summoned Edward Winter, a neighbor, who carried Mrs. Bredin to his home. When Winter returned, the Bredin house was a mass of flames and he could not approach it. Rocky Grove and Franklin departments battled the fire. Bredin was a descendant of the town's founder.

Train Strikes Tank Truck Near Starbrick

Emery F. Orcutt, 426 Pennsylvania avenue, west, narrowly escaped certain serious injury and possible death between two and three o'clock this morning while making an emergency run to Starbrick with a Crossett oil truck-tanker.

While crossing the New York Central railroad about 200 yards below the Warren Tank Car Company plant, Orcutt's trailer stalled in the heavy snow and he was forced to get out and shovel to free the vehicle.

As he stepped from the cab of the truck to begin his task, the machine was struck by an approaching train, unheard and unnoticed by the driver because of the blinding storm. The tanker was carried some distance down the track and completely demolished, the truck frame wrecked and twisted and valuable tires were badly damaged.

Company officials and Pennsylvania Motor Police officers today estimated the loss at an approximate \$4,500.

The investigating officials learned that the train which struck the tanker is the only one passing that point during a 24-hour day.

Hunters Lost In Woodlands Added Duty

The continued heavy snowfall, coupled with the presence of many hunters in the nearby woods, has imposed an added duty on county authorities and officials of the Pennsylvania Motor Police called out several times in the past two days to search for men reported lost.

A call was received about 10:45 a. m. today from John Zeebe, of Spring Creek, that Harry Aichner, of Erie, had entered the woods in that vicinity early yesterday morning and had not been seen nor heard from since.

Last evening at 6:30 a man notified the police barracks that his son was lost in the vicinity of the Hemlock, but called later to say he had been located.

Officers from the barracks joined in a search in the Kinzua section yesterday afternoon for a Pittsburgh man who had become lost. However, the hunter emerged from the woods at Morrison and made his way back to the starting point.

Another Pittsburgh hunter was the object of an intensive search Monday in the Mt. Jewett-Hazlet area, finally turning up at Halsey and reporting no ill effects from his experience.

"TALES OF MANHATTAN" AT LIBRARY THEATRE FRIDAY AND SATURDAY

"Tales of Manhattan" is a cinema achievement of rare distinction. It has enough stars and thrills and suspense and laughter for ten pictures. It is a fabulous entertainment. Heretofore we were more than content to have, say, Charles Boyer and Rita Hayworth, in a photoplay. But now 20th Century-Fox comes along with an unbelievably generous film that is calculated to spoil film fans for some time to come.

All of these are in the picture at the Library Theatre—Boyer and Miss Hayworth, Ginger Rogers, Henry Fonda, Charles Laughton, Edward G. Robinson, Paul Robeson, Ethel Waters, "Rochester" and many, many more. And the story is so great there's plenty of work for all of them! You can't afford to miss it!

Two Soldiers Write New War Bond Theme Song, "Ev'rybody Ev'ry Payday"

WASHINGTON, D. C. — Two young soldiers have combined their musical talents to write a new United States War Savings Bond theme song, "Ev'rybody Ev'ry Payday," which will soon be heard from coast to coast on the radio, in theatres and from juke boxes. The song will be released in sheet music and records, all profits going to Army Relief.

The composers, Sgt. Dick Uhl and Corp. Tom Adair, turned over the copyright to the Government for registration in the name of Secretary of the Treasury Henry Morgenthau, Jr.

Release of "Ev'rybody Ev'ry Payday" at this time is particularly timely because the War Savings Staff of the Treasury Department is preparing to launch a nationwide payroll savings campaign to "top that 10 percent by New Year's."

Sgt. Uhl and Corp. Adair have completed a tour of duty with the Treasury Department, during which they composed several songs to promote the sale of War Bonds and Stamps.

Uhl is now back at Camp Forrest in Tennessee while Adair has returned to Fort Jackson in South Carolina.

Uhl and Adair came to the Army from radio and met at Fort Jackson, where they were assigned to the orchestra. Uhl, one of four brothers in military service, is a native of Wilkes-Barre, Pa., and graduated from Princeton in 1939. Adair was born in Newton, Kansas, and graduated from Los Angeles City College. Adair is well known in Tin Pan Alley, having written several hits. Among the songs for which he wrote the lyrics are, "Let's Get

Boys' Club To Enjoy Party At Yuletide

Meeting for luncheon at the Carver Hotel on Wednesday, members of the Kiwanis Club discussed plans for the Christmas party to be held for the Saturday Evening Boys' Club on December 19, that event taking the place of the regular meeting on December 23.

A meeting of the SEB Club committee was announced for Saturday of this week, when further details for the party will be worked out.

President-elect T. E. Colley was in charge of the meeting in the absence of President H. D. Baker and reported briefly on the Kiwanis officers' training course held in Erie.

The program was in charge of C. H. Springer, local manager of the Bell Telephone Company, who presented R. H. Junk, of the company's Pittsburgh office, in a program of sound movies portraying the utility's program of conservation of electric energy.

Announcement was made that a meeting of present and newly-elected directors of the club will be held December 10, the place to be made known later. Sergeants named for December were John Claman, Elbert Miller and Lee Zeiders.

Visiting Kiwanian Ernest Smith, of Jamestown, was introduced to the local membership.

Death Stalked Him

To many thousands of youngsters all over the nation one of the most tragic episodes in the Coconut Grove night club fire in Boston was the death of their motion picture cowboy hero "Buck" Jones. The photo above shows him visiting a young patient to whom he brought thrills and cheer. A few hours later he went to the night club, was caught in the disastrous fire, and received injuries from which he died the next day.

NINE BILLIONS FOR VICTORY
The United States Treasury has announced its financial program for December, which is the greatest in the country's history. Its goal is \$9,000,000,000, which up until the year 1939 would have been more than enough to pay the entire annual cost of the Federal Government, but it is only a small part of the 76 billions a year for the war year of 1942-43.
This program augments the sale of War Savings Bonds to individuals out of income through the pay roll allotment plan, providing investors with three other types of securities ranging from one year 7 1/2% Certificates of Indebtedness to 26 year 2 1/2% bonds. The different types of securities, including Tax Anticipation Notes, are designed to meet every sort of individual and corporation requirement.

Warren county's quota in this effort is \$3,930,000, which the Government hopes to sell to individuals, industrial corporations, retail firms, banks, and every sort of purchaser who is financially able to use idle funds for this purpose. Warren county is one of seven counties in Western Pennsylvania in the Second Area of the Fourth Federal Reserve District, and the work of raising the funds is in the hands of the Victory Fund Committee of Warren County, a group of leading businessmen who will assume this responsibility, and who will need the cooperation of every one who realizes the seriousness of this war.
The basic intention of the drive is to make each individual to the fullest extent of his capacity custodian of federal obligations, rather than to depend upon banks in financing the war effort. The wider the distribution of Federal securities, the less tendency toward inflation, because of the purchasing power which will be absorbed by the investment of individuals in the highest grade of securities.

The present plan, therefore, serves the double purpose of providing funds to buy the materials of war and of maintaining an economic stability when the war is concluded.

With millions of our finest young manhood preparing to fight in every part of the world, surely it can be expected that other millions able to do so shall loan every available dollar to our country in the form of the world's safest investment.

DIG FOR SCRAP
Warren county residents, as well as other citizens of Pennsylvania, were told today they may have to dig under winter snowdrifts for scrap if Monday's "Pearl Harbor" drive for 50,000 tons of old metal is a failure. The collection is needed to help build up a scrap surplus, says Colley S. Baker, state salvage official, and unless a surplus is obtained "we will either have to curtail our war production or dig through snowdrifts next February."

The warning came as the State Defense Council reminds that Governor James has asked every man, woman and child in the state to collect at least ten pounds of scrap on December 7 "to avenge Pearl Harbor." He urges a house-to-house canvass in every county.

Meanwhile the department of public instruction says Monday, December 7, will be observed as "Pearl Harbor Day" in many schools and colleges in Pennsylvania.

With ten to fifteen inches of snow covering the ground, perhaps the best plan right now for securing that ten pounds of scrap for Pearl Harbor Day would be to go through your attic and cellar again. Better do it tonight!

LET'S NOT WORRY
Deep thinkers are worrying what would happen if, after the war, Henry Kaiser should continue building 10,000-ton merchantmen in four days and a half, throwing most shipyard workers out of jobs.
Such worry isn't necessary. Mr. Kaiser is not building ships in four and a half days. He is assembling them. The bulk of the work already has been done elsewhere.

The Kaiser methods are invaluable in wartime, because without them we could not build the ships we need with the facilities we possess. But they aren't "suicidal" in their saving of manpower.

The untimely death of Marcus Naylor is mourned by a wide circle of friends in Warren and nearby communities, but it is in musical and chess circles where his passing will be felt most keenly. Our sincere sympathy is extended especially to his relatives and the congregation of the First Presbyterian church.

Washington In Wartime

(First of Two Articles on enemy propaganda in the U.S.)
By JACK STINNETT
WASHINGTON—There are several wartime agencies in the government whose duty it is to worry about Axis propaganda in this country. Oddly, United Nations successes in Africa and the Pacific have brought greater worries than since the war started.

In recent weeks, Berlin and Rome short wave broadcasts have quadrupled their efforts to make Great Britain and the United States in particular and all the other United Nations in general suspicious of each other. This has happened almost simultaneously with United Nations successes on the Russian, African and Pacific fronts and apparently a reaction in many quarters is that it will be all right now to relax for a while.

I might add that although it is not corresponding as important, many Washington commentators—your own included—have received a number of letters recently saying that the last election should be "a warning to warmongers in the capital that this country doesn't want any part of these foreign wars."

THE unfortunate part of this is, according to government specialists here, that it has come from the mouths of some of our own citizens.

I might add that although it is not corresponding as important, many Washington commentators—your own included—have received a number of letters recently saying that the last election should be "a warning to warmongers in the capital that this country doesn't want any part of these foreign wars."

Man About Manhattan

By GEORGE TUCKER
NEW YORK—The Last Round-up:
Dave Wolper, whose career was sketched here about three weeks ago, has added a new chapter. He bought and his partner, James Shear, and now is sole owner of the Hurricane supper club. . . .
With the emphasis on shortage of male screen stars, RKO is serving up "The Navy Comes Through" in which Jane Wyatt is the only woman cast. I don't get it. . . .
Genius Inc. is doing well with its mellerdrammer, "Conrad You Dastard," whose \$1.10 admission includes beer, peanuts, and the right to hiss the villain. . . .
Guy M. Bazar, purchasing agent for a lubricating company, says that his new song, "Say, Have You Found Heaven?" was inspired by the rhythm of a planing machine. Elmo Russ, a composer who has a wartime job in the plant, heard snatches of the unwritten melody whistled by various workers. Russ and Bazar got together, worked out the music in full, added lyrics, and there they were with a love ballad which oldsters particularly seem to like. . . .

SPEAKING of music, outside an apartment house near my home I heard two somewhat elderly gentlemen tooting on cornets. They were alternating "Somebody Else Is Taking My Place" with "Maybe." Paid to serenade some damsel, I'll wager a farthing. . . .
Forty-second street between Fifth and Sixth avenues has several alms seekers who play small pianos and wheezy organs. Sounds good if you don't get too close. . . . Hal Saunders, whose

band has opened at the Glass Hat, has a harpist, Jane Thomas. . . . I still would like to know how magician Paul Duke does his act—not how he materializes lit cigarettes and cigars, but how he keeps them lit in his pockets—if that's the way he does it. Very confusing. . . .
A national nomination for the night club entertainer dishing up the greatest variety of good stuff: Willie Shore. . . . Arthur A. Schmidt, MGM eastern publicity manager, is a new lieutenant commander in the Navy. Don't say "What another?" Art is a graduate of the U.S. Naval Academy. . . .

BILLIE ROGERS, the congenial brunette from Missoula who plays trumpet for Woody Herman, is only the forerunner of girl musicians who will be in the bands before the shooting stops. . . . And I hope the upcoming girl vocalists turn out to be as pretty as brownette Carolyn Grey, Woody's vocalist from San Francisco. . . .
Maxwell Anderson refused a royalty on his Broadway hit, "The Eve of St. Mark," when the play was desired for a soldier-camp show at Will Rogers Field, Oklahoma City. Anderson already had allowed 46 colleges producing rights because he believes college dramatics valuable in producing acting talent. . . . Jack Marshall, the one-man awkward squad from Seminole, Pa., can pick and choose between offers from Warner Bros., Paramount, and Michael Todd, who has approached the comedian about a spot in Todd's next musical. Proving again that nothing succeeds like success.

WANTED! 1000 WOMEN WITH POOR COMPLEXION

... to try this remarkable skin aid for JUST 10 DAYS!

If your skin is rough, dry, unattractive-looking, or marred by ugly externally-caused pimples and blemishes, read this carefully!
Thousands of women have already made wonderful improvement in their complexions with a medicated formula which nurses were among the first to discover as an aid to skin beauty... a formula which scores of doctors themselves use in the care of their skin, and often recommend to their patients.
This formula is Noxzema Medicated Skin Cream. In the next few days we want 1000 women to try it on the Special Offer outlined below. Use it for just 10 days. Then feel your skin; let your fingertips and your mirror prove how effective it is. That's because Noxzema is not just a cosmetic cream. It's a medicated formula that does two important things: 1—it helps smooth and soften rough, dry skin. 2—it helps heal externally-caused pimples and blemishes. And, in addition, it has a mildly astringent action.
Literally thousands of women have made this trial and have been overjoyed to see the wonderful improvement in their skin. Miss Norma L. Lodes, of Minneapolis, writes: "I work in a drug store and I frequently suggest Noxzema to our customers." Miss Dee Chapman, Los Angeles, says: "I like off-the-face hats but was embarrassed by ugly externally-caused blemishes on my forehead. Then a friend recommended Noxzema, and not only did it help heal the blemishes, but my skin became softer and smoother, too."
The Noxzema for just 10 days. Use it as a night cream and as a powder base. See for yourself how much it can do to help make your skin softer, smoother, lovelier!
SPECIAL OFFER! For a limited time only, you can get the big 75¢ jar of Noxzema for only 49¢ (plus tax). Take advantage of this Special Yearly Offer of our jar at any drug or cosmetic counter—and start this new complexion care today!

500 Pounds Of Scrap Sought For Each County Boy in War

Metal and manpower are being drafted to win the war. The draft boards attend to the man power proposition, but it's up to YOU to attend to the metal. To the end that the man power may do its best on the battle fronts on land and sea it is urged that metal be gathered to support them. It is metal that creates the arms and bullets and shells for the men.

Pennsylvania is hard at work getting ready for the biggest one-day scrap drive and Governor Arthur H. James, who is at the head of the job, has set aside Pearl Harbor Day, December 7, as the day for the big push. On that day it is urged that every person in the state gather up 10 pounds of scrap. By doing this a huge mass of metal will be assembled ready for the creation of armament.

Chairman Wylie T. Corbett, of the Warren County Salvage Com-

mittee is hard at work getting the ground work prepared for the day. To the end that Warren county will reach its quota of 500 tons of scrap gathered in one day he is putting forth great efforts. Circular letters have been sent out, schools are being asked to do their bit and from the pulpits of the county reminders of the day will be given. There is no reason why the drive should not be a success if everyone does his or her part.

It is especially fitting that the drive come on this day when an honor roll will be erected in Warren for the men in the service from this county. There will be over 1000 names on the Honor Roll and it is too much to ask that for every man in the service 500 pounds of old scrap metal be gathered? Are those boys worth that much to us? Just old scrap for live Warren boys. That much scrap

will save how many of those boys from being killed or maimed in war?

It MUST be done! It will be done!

Persons residing in Warren are asked to pile their scrap in front of their homes, those residing in the county are asked to pile it along the public road. Trucks will gather it up. Those who have whole loads of scrap are asked to bring it to the scrap pile at the foot of Market street. There are thousands of tons of scrap in the county. Why not get it in next Tuesday?

Babies born during the months of January and February usually weigh less than those born during the summer months.

Gas Hoarders Face Trouble By Inspectors

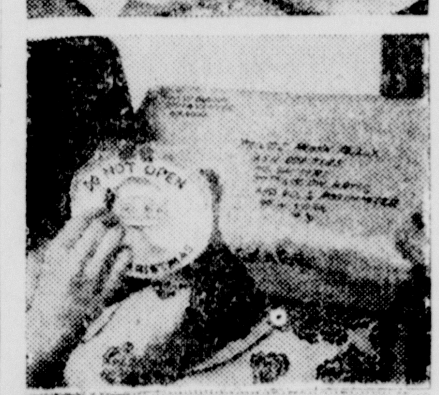

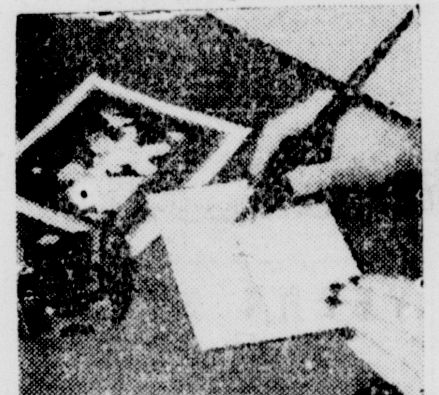

Motorists who laid in a supply of gasoline against the time when rationing would go into effect now find themselves facing some serious troubles. The Price Administration warns that laws may be violated in storing of the gasoline. Insurance agents are pointing out that insurance is voided by the storing of gasoline in illegal containers on the premises of a property. Orders from the State Fire Marshal's office ask that fire marshals report all violations of the state gasoline storage laws and prosecutions will follow.

Fire departments are making inspections and already one hickory street resident has been found disposing of his gas by putting it into his cars and trucks. There may be a fire inspection made of garages and basements during the next few days and arrests may follow the discovery of law violations.

Another feature which has not occurred to gasoline hoarders is that all motorists having extra gas other than that in their car tanks, must surrender to their ration board one A-ration book coupon for every three gallons they use, or face prosecution and revocation of their ration books.

1 Package Knox Gelatin

1 Pound Loblaws Butter

1 Can Spring Lake Milk

Soften gelatin in 1 cup cold water. Then place in a dish of hot water and stir until gelatin is dissolved. Cut the butter into small pieces. Place it in a dish over hot water until the butter is quite soft. Stir well. Gradually whip the milk and the dissolved gelatin into the butter. After the milk is thoroughly beaten into the butter, add salt to taste. If milk separates, keep on beating until it is all mixed in. (From Page One) The movement to Morocco and Algeria, the cutters Walney and Hartland, two former U. S. coast guard vessels transferred to the royal navy in 1941, were sunk in what Alexander said was "a gallant attempt to prevent the scuttling of blockships in Oran harbor."

The cutters, although burning, smashed through the harbor boom and penetrated to the inner harbor, where they landed troops before they went down.

Washington, Dec. 3.—(P)—The navy department announced today that five United States naval transports were lost during the occupation of North Africa by United States forces.

Three other transports, one destroyer and one tanker were damaged during the operation.

A navy spokesman said casualties were very small. The transports sunk were listed in the communiqué as the Tasker H. Bliss, the Hugh L. Scott and the Edward Rutledge, which were sunk off Casablanca; the Joseph Hewes, sunk off Rabat, and the Leedstown, sunk off Algiers.

The communiqué said the next of kin of personnel killed, wounded or missing were being notified by telegram.

The names of the damaged vessels were not disclosed.

Obituary

MARCUS NAYLOR

Funeral services in memory of Marcus Naylor, well known local musician, who died suddenly yesterday morning in the W. C. A. Hospital in Jamestown, will be held at two o'clock Saturday afternoon in the First Presbyterian church, where he had been organist for the past ten years. Interment will be in the Grandview cemetery at Whitesboro, N. Y., at the convenience of the family. Friends may call at the Lutz Funeral Home, 212 Market street, at any time until one o'clock Saturday.

Mr. Naylor, who came here from Erie in September, 1932, to take up the duties of organist at the local church, was active in many community groups, including the Warren Chess Club, the Warren Concert Association and Joseph Warren Lodge, No. 726, F. & A. M. Besides his wife, Elizabeth Strickland Naylor, he leaves a daughter, Priscilla Naylor, and his parents, Mr. and Mrs. Marcus Naylor, at Utica, N. Y.

Gulf Coast Is Scanned For Aerial Hero

(From Page One)

"Buzz" won the Distinguished Service Cross for extraordinary heroism before most of the American planes on the island of Luzon were destroyed. He was assigned to Australia where a Japanese bullet smashed his windshield and sent a sliver of glass into his eye, restricting his flying.

Awarded the Purple Heart and made an instructor in Australia, Wagner taught combat tactics to new pilots just arriving from the United States. He refused to stay grounded, however, and soon was leading one of his green squadrons into battle over New Guinea. He accounted for three enemy planes himself.

He was promoted to captain last Jan. 20. Three months later he was jumped over the rank of major and made a lieutenant colonel at 26. He was born in Emigh, Pa.

Approximately 90 per cent of all American homes are of wood frame construction.

reach a climax early in the next congress, to shear Henderson of much, if not all, of his authority and to apply a legislative squeeze on other emergency bureaus.

"We are suffering from a severe case of federalitis," said Representative Barden (D-NC) in one of several attacks in the house yesterday on what most of the speakers referred to as "the bureaucrats."

Barden drew applause from Democrats and Republicans alike when he suggested that if the heads of federal bureaus refuse to heed the warnings of congress, "let them feel us."

The flare-up was touched off when Chairman Summers (D-Tex) of the house judiciary committee spoke of "an upsurge of the people" against OPA regulations and requirements for obtaining rationed goods.

Republican leaders privately said they were counting on much support from southern Democrats in the next congress, in which the Republican minority will be greatly strengthened as a result of last month's elections, in a move to cure federal bureaucracy.

torpedo planes. At the same time, it was officially disclosed that the British aircraft carrier *Avenger*, three destroyers and five lighter ships were among naval losses incident to the landings in North Africa.

Frontline correspondents reported that the Germans dropped 50 parachute troops disguised as Arabs in an attempt to delay the Allied capture of Tebourba, vital rail junction 29 miles west of Tunis, where American troops played a major role in smashing a big Nazi counterattack.

Allied troops quickly mopped up the masquerading enemy, however, and occupied the town at daybreak Saturday.

Allied headquarters said the Nazis suffered heavy losses in their unsuccessful counter blow at Tebourba, aimed at cutting off the Allied wedge now firmly driven between Bizerte and Tunis. The

Extent Of Shortage Of Crude Secret

(From Page One)

Swanson testified crude oil in storage has declined more than 35,000,000 barrels in the past year, in the area east of the Rocky Mountains; he blamed transportation limitations and said the only way to make up the shortage is to reduce consumption.

Franklin said a slump in drilling and exploratory activities was also a major factor. Previous witnesses had told the committee that wildcatting (seeking new fields) was at a standstill because of priorities for necessary materials could not be obtained.

Mayor John B. Gage and earlier protesters declared that fuel oil is plentiful here and should not be rationed since coal and gas—the alternative fuels—are not plentiful.

Royal Navy Aiding In Battle For Strongholds

(From Page One)

This could mean either that the fleet was unlimbering its big guns to rain destruction on the Axis defenders or sending carrier-based planes into the assault.

While the Allied land offensive flamed toward a climax, the London admiralty announced that light British naval forces pounced on a Tunisia-bound Axis convoy in the Mediterranean and destroyed six of the enemy ships.

"On being attacked, the convoy scattered and made smoke," the admiralty said. "During the spirited engagement which followed, four enemy ships and two of the escorting destroyers were sunk or left burning wrecks."

One British destroyer, the *Queenfin*, was sunk later in a follow-up attack by Axis dive bombers and

Barlin radio claimed the Germans recaptured Tebourba and destroyed 22 American tanks in the attack.

On the Libyan flank of the Allied vice, British headquarters again reported patrol clashes at El Agheila, where Nazi Field Marshal Erwin Rommel has entrenched in a narrow corridor between salt marshes and the sea.

County Russian Relief Fund Drive Is Gaining Momentum

The Red Star of Russia is rising in Warren county.

Enthusiasm for the magnificent progress of the Russian offensive, admiration for the spirit of the Russian people, and sympathy with the millions of Russian wounded who are without adequate care and medicines, are evidently powerful factors in the minds of Warren people as the County Russian Relief Drive gathers momentum. George Wholeben, chairman of the central committee, announced at 11 a. m. Wednesday that total receipts to date amounted to \$1,226. He pointed out that this represents two days only of the six days allowed for the campaign, since the 4,000 letters did not reach their destination until noon on Monday.

Paul Harrington, treasurer of the committee, stated that to date the great majority of the donations have been in the one dollar to five dollar class, indicating that the drive is an exceedingly popular one among the rank and file of the

people. Only a few large donations have as yet been received from individuals, factories or stores. One unusual donation in the mail Wednesday morning came from the Floridin Company and amounted to \$200.00. It is believed that Warren industries will be heard from within the next day or two and that many very large donations will be received in proportion to the great volume of business now being transacted by some of those industries who are engaged in producing war material. Clubs, lodges and similar organizations are expected to contribute heavily to the campaign. Retail stores, for the most part, have yet to indicate the amount of their contributions. Again the central committee emphasized the need of haste so that all contributions will be on hand by 12 o'clock midnight on Saturday, December 5th, when the campaign is officially announced to close.

Following is the list of donations recorded from noon on Tuesday, December 1st, to noon on Wednesday, December 2nd:

Trimms, Dec. 1—Miss Fannie Melhuish spent her Thanksgiving vacation at her home in Centerville. Robert Oviatt and Archie Buchanan of Youngsville are spending a few days at the Arp home here.

Von and Nettie Nichols spent Thanksgiving Day with Mr. and Mrs. Roy Bloss at North East. Mr. and Mrs. Daniel Lay and daughter and Mr. and Mrs. Frank Branch and two children, of East Branch, visited Mrs. Cassie Smith and son Arrol.

NOW SHE SHOPS "CASH AND CARRY"
Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or easy passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

All-Pennsylvania Football Team Selected By AP Writers

BY TED MEIER

Philadelphia, Dec. 3—(P)—Four players from Penn State and one each from Pennsylvania, Duquesne, Pitt, St. Vincent, Lafayette, Villanova and Lehigh were named today to the 1942 Associated Press All-Pennsylvania college football team.

Picked as the most outstanding on the 43 collegiate eleven in the state by a poll of coaches and sportswriters, is this lineup of starters:

Ends: Bob Davis, Penn State and John Svenson, Lafayette. Tackles: Ken Schoonover, Penn State and Joe Cibulas, Duquesne. Guards: John Jaffurs, Penn State and Mort Shiekman, Pennsylvania.

Center: Baptiste Manzone, St. Vincent. Backs: Aldo Cenci, Penn State; Bill Dutton, Pitt; A. Foss, Villanova and Stan Szymakowski, Lehigh.

Bert Stiff and Bernie Kyczynski of Pennsylvania, who made the

team in 1941, were named on a second team along with Walt Sot, of Bucknell; Ramsey Madison, of Lafayette; Fred Dittman, Dickinson; Joe Jordan, Haverford; Hal Shoener, Lehigh; Charley Nagle, Lafayette; Pete Gorgone, Muhlenberg; Max Klebas, Duquesne, and John Donaldson, Pennsylvania.

For a third eleven the coaches and writers picked Valerio Jansante and John Matis, of Duquesne; William Anderson, Bucknell; Horace Saylor, Lafayette; Vincent Antonelli, Pitt; Harry Clarke, Lehigh; Patsy Phillips, St. Vincent; Bob Bennett, Albright; Jim Hardy, Gettysburg; Pete Kane, Geneva; and Art Jones, Haverford.

Dutton and Schoonover received the most votes with Jaffurs, Szymakowski and Cenci right on their heels.

Dutton, a senior at Pitt, was hailed as a "great back, standing out boldly with a power" gave him little blocking. He was

termed "one of the greatest competitors in the game and would make anybody's eleven, even those old time powerhouses that Jock (Sutherland) used to turn out at Pitt."

Schoonover, the main reason why Penn State's left side of the line was so strong, was termed "amazingly fast for his size. He is alert and rugged. He has recovered lots of fumbles, made many saving tackles after opponents have intercepted passes or run back kicks and, in addition, he has blocked many enemy punts."

Perhaps the most surprising selection was that of Baptiste Manzone, of the tough but comparatively little known St. Vincent Bearcats at Latrobe as center over such worthy candidates as Fred Dittman of Dickinson; Lou Palazzo of Penn State, Horace Saylor of Lafayette and Dick Shaffer of Lehigh. He was captain and called both offensive and defensive plays. Pittsburgh sportswriters called him one of the best centers they had seen.

Cenci, a 235-pound junior from Scranton who 13 years ago as a boy of nine was a member of the Italian blackshirts, was an outstanding blocker and brutal tackler. He called signals for a Penn State club that won six last one and tied one. He was a good pass receiver and did most of the punting until Coach Bob Higgins moved freshman Joe Colone of Berwick, up to the first team.

12 Couples In Mixed Doubles

In the Penn Bowling Center's handicap mixed doubles event twelve couples braved the snow storm last evening to participate. The winners turned out to be Miss Marion Olson and Tony Fazio with a grand total of 1188. In the runner-up position Rose Juliano paired with Myron Check tossed a total of 1136. High scores in the event went to Check's 572 for the men and Hand's 476 for the women, with Rose Juliano's 200 individual. Another mixed-doubles event will be held next Wednesday at nine o'clock.

Senior Play At Youngsville High Tonight

Youngsville, Dec. 2.—The High School Senior play is being produced at the High School auditorium on both Thursday and Friday evening Dec. 3 and 4. "The Mummy and the Mumps" is the three act comedy that the young people are working hard to make a great success. The production staff is right on the job as well as the actors. Miss Elizabeth Bittle who directs the play informs us that this group have made the stage attractive, and are busy with securing just the right properties and settings. The senior class sponsors, Miss Mary Handler and Mrs. Robert Sandblat, are assisting with part of this work and the tickets.

By the way the tickets are going it looks as if the auditorium will be well filled each evening to see the following cast: Dave Wingard, Vernon Jones, George Walters, Joe Tittio, Donald Haupin, Barbara Engstrom, Betty Newgreen, Barbara Leeter, Beth Higgins and Lillian Cobb. In this play the parts are quite evenly divided so that each of the seniors has had heavy practice so that the community may spend an evening of delightful enjoyment.

HOLD DECEMBER MEETINGS
The dinner meeting of the Methodist church school for December was held this week in the church parlor. It was followed by the monthly meeting of the official board. Mrs. R. L. Mead, assistant superintendent of the church school, presided. The date of December 23 was set for the Christmas program for the Sunday school. A candy treat was decided upon. Mrs. M. H. Sellin and Mrs. Clarence Jones were appointed a program committee, with the suggestion that the Youth Fellowship group put on a short pageant.
At the official board reports were made from the people who had been securing for the "Conference Claimants' Permanent Fund." The Youngsville charge had been given a quota of \$665, the results were most gratifying. It was announced that beginning next Sunday, afternoon vespers at 4:30 would be held instead of an evening service.
Two meetings will be held this week by the Womens Society of Christian service. At both of which will be the mite box opening. The evening division will meet Thursday at 8:00 p. m. with Mrs. Ronold Bard, Mrs. R. E. Crandall will be the program leader. The afternoon meeting will be in the church parlors Friday at 2:30 with Mrs. John Zelliff in charge of program.

Severe Snow Storm Closes Some Roads, Slows Down Traffic Almost to Standstill

(From Page One)
one way plows used on the main highways are of little use on the earth roads.

Reports from the highway office are that this is the worst storm experienced during the past four years and all of the equipment of the department is in use. Caretakers on the various sections of the highways are also busy and some continuous work must be done due to the winds which are blowing the snow into huge drifts.

McKean, Potter and other north tier counties had heavy snows yesterday and McKean reported that 10 inches covered their roads yesterday. Plows were at work all day yesterday. Potter county reported nine inches of snow, while Center county had four inches and Sullivan and Lycoming counties each reported four inches.

In defiance of wind and weather the airmail made its scheduled trips, holding to schedule in a splendid manner.

The weather report today presaged continued cold and high winds and this afternoon there was no indication of a let up. The storm continued throughout the day and the highway trucks patrolled the highways in an effort to keep the highways open.

Service stations about town experienced another rush only instead of an endeavor to secure gasoline anti-freeze was sought. Several stations reported that they had sold out of the fluid causing a temporary shortage, but this was soon relieved. Chains also were sold briskly.

Many hunting parties caught in the woods experienced difficulty in getting out due to the drifted snow. Several parties were effectively snowed in and members of the party had to walk out to secure bread and needed provisions. Several parties of hunters passed through Warren homeward bound having given up hunting due to the storm.

The high wind of yesterday gave the utilities companies little trouble and repair crews kept on call for trouble shooting were not called upon to make many trips caring for difficulty.

According to an Associated Press dispatch, U. S. Route 6 was closed by drifts between Corry and Union City, Route 8 between Erie and Union City and Route 69 from North Warren to the New York state line likewise were blocked, as were most rural routes in the northwestern section.

In the north central area, additional snow fell in McKean and Lycoming counties to make highways more slippery. In the south central area, Cambria county had snow today and roads were reported slippery in the mountainous areas.

HUNTER DROPS DEAD

Bradford, Dec. 3.—(P)—William Gurber, 62, of Stowe, O., dropped dead at a hunting camp at Betula, eight miles south of Smithport, today as he and a party of three other Stowe men were starting out in search of deer.

Mr. and Mrs. C. E. Benton, of Bradford were the weekend guests of Mr. and Mrs. James Pascarella. A party of hunters including Pat Fredericks and son and Mr. Edward Emmerling of Buffalo, spent the past week at the Garth Stoltz camp.

Mrs. David Counts and daughter, Geraldine, were business visitors in Warren recently.

At noon a hot luncheon was served to the teachers and students by the members of the W. C. T. U.

Reverend and Mrs. Proutz and daughter were the guests of Mr. and Mrs. Frank Schober of Kinzua on Thanksgiving.

Miss Virginia Crooks was a business caller in Bradford on Monday.

Harry Hammond of Buffalo, spent Monday and Tuesday at the Horace Hammond home.

Mrs. Burton Stoltz has returned after spending the past few days at the home of her daughter, Mrs. John Hadden of Allegheny, N. Y. Mrs. Charles Burgett and son, Anthony Charles have returned to their home in Saegertown after spending the Thanksgiving holidays with Mrs. Burgett's parents, Mr. and Mrs. George Prue.

Mr. and Mrs. August Kopanske have had as their recent guests, Mr. and Mrs. J. C. Weaver of Coudersport.

Mr. and Mrs. W. P. Williams have returned to their home here after spending the past two weeks at the Glenn Williams home in Busti, N. Y.

Mr. and Mrs. George Black of Salamanca, N. Y., are spending an indefinite time at their home here.

Mrs. R. R. Wilcox was the hostess of the Wednesday Night Social Club at her home Wednesday evening. Card tokens were awarded to the following: Mrs. C. E. Bottori, Mrs. George Black, Mrs. Leroy Bennett and Mrs. L. V. Smith.

Mr. and Mrs. L. V. Smith and Leatrice and Gab Smith have left for Bradford where they will spend the winter months.

Mr. and Mrs. C. E. Benton, of Bradford were the weekend guests of Mr. and Mrs. James Pascarella. A party of hunters including Pat Fredericks and son and Mr. Edward Emmerling of Buffalo, spent the past week at the Garth Stoltz camp.

Word has been received from Pfc. Gene J. Scallie, son of Mr. and Mrs. Thomas Scallie, 116 Pine street, that he has been made a corporal and is located at the air corps advanced flying school at Blytheville, Ark.

Bank Teller Dies After Brief Illness

(From Page One)
He was born November 29, 1901 and entered the bank's employ on June 22, 1921. In addition to his duties as a teller, he handled much of the bank's real estate and many other phases of the institution's business.

Much of his spare time was given to activities of a community nature, including the Warren Community Chest, Warren County Defense Council, work of the local Department of Public Assistance and other civic groups. He was a member of the first Lutheran church and formerly served on its council.

Among those surviving him are his wife, Bernice Samuelson Swanson; two children, Dean and Susan; his parents, Mr. and Mrs. P. J. Swanson, North Irvine street; and a brother, Vernon, stationed with the U. S. Navy at Boston, Mass.

Removal was made to the Lutz Funeral Home. A complete obituary and funeral arrangements will be published tomorrow.

Car Accident Victim Shows Improvement

Earl Auchter, who resides at 214 Main street, Sharpesville is in the Warren General Hospital suffering from a fractured nose, laceration of the right jaw, possible fracture of the right ankle, a possible fracture of the skull. His condition has been serious but he has taken a turn for the better and hopes for his recovery are now held.

Auchter was injured in a crash at Trunkville on Monday in which his father Frank Auchter, 60, of Mercer was almost instantly killed. The two were in a car about eight miles above Tionesta when it collided with a truck driven by Harold Gibbs, R. D. 2 Mayville. It is presumed that they were returning from a hunting trip as a gun was found in the car. The gun was broken and it is thought by state police of Warren, who investigated, that the dead man's head had struck the gun inflicting the fatal wound. His skull was fractured, his neck broken and his left leg was broken.

Gibbs was bruised by the impact of the colliding cars and his sister-in-law, Mrs. Rachael Gibbs, R. D. 2, Mayville, N. Y., was thrown from cab of the truck. Fortunately she was not seriously injured. Both the car and the truck were demolished by the force of the collision and will have to be scrapped. Gibbs operated a coal truck.

The body of the dead man was taken to Tionesta following the accident and later removed to his home.

Justice of the Peace David H. Blum, of Tionesta, acting coroner, visited the scene in company with Sheriff J. B. Haggerty, of Tionesta and made an investigation. He has withheld his verdict pending a possible inquest into the accident. From observation those investigating the accident feel that perhaps the elder Auchter may have fallen asleep at the wheel of the car he was driving.

SUGAR GROVE

Sugar Grove, Nov. 28 — The union Thanksgiving service was held in the Free Methodist church Wednesday evening.

Rev. Carlton Foss, pastor of the Methodist church, delivered the address on the topic, "Three Thanksgivings." Rev. Carl Perrin, pastor of the Presbyterian church, read President Roosevelt's Thanksgiving Proclamation and conducted the devotionals. Special music was provided by Mrs. Carl Norbeck and Victor Landin.

The Misses Louise and Mae Edin, entertained the C. O. Circle at their home Tuesday evening with Mrs. Burt Schoonover, presiding, Mrs. Gerald Miller, presiding, the report of the nominating committee, Miss Ruth Schoonover, president, Mrs. Neil Scott, vice president, and Miss Mae Edin, secretary and treasurer. Mrs. Burt Schoonover, secretary of Local Relations, Mrs. Charles Chapman, secretary of Missions, Plans for the Christmas meeting were discussed and Mrs. Scott and Miss Schoonover were appointed as a committee to plan for the distribution of their gifts to worthy projects. Mrs. Wilford Jones, Miss Phyllis Mickelson and Mrs. Schoonover, will act with the president in arranging the next meeting to be held at the home of Mrs. Jones.

Mrs. Chapman also acted as program leader and conducted devotions and Mrs. Jones presented the study from The Shadow of the Himalayas. Mrs. Carlton Foss gave an informal talk on her experiences in Malaya. The hostesses served dainty refreshments. The schools closed Wednesday night for the Thanksgiving vacation, resuming Monday. Members of the faculty who went to their former homes for the vacation were Miss Margaret Fay to Weston Mills, Miss Kathryn Keslar, to Acme, Pa. Mr. and Mrs. Eli Martin to Lancaster, Pa., and Mr. and Mrs. Harold Carter to Mill Hill, Pa.

The Sophomore Class put out the Senior Spotlight, the school paper published by the senior class, for this week and a very fine paper it is. One splendid feature was the names and addresses of former members of the school now in the service.

Archie Jamieson who has enlisted in the Navy, left Wednesday for Sampson, N. Y., Ernest Abbott will leave December 5th for induction in the army.

Mr. and Mrs. R. E. Seamens and sons Charles and Howard, of Greensburg, Pa., are guests of Mr. and Mrs. J. J. A. McIntosh.

AROUND NEW YORK

By GEORGE TUCKER

NEW YORK — I'm not sure I know how to begin this. This is one of the last columns I'm going to write. For the duration anyway. When you see this I'll be on my way to Cairo. I'm going over to take a part in the war. Not as a soldier, but as a reporter, as a war correspondent.

I'm going because it's what I'd rather do than anything in this world — and because I'm lucky. You've got to be lucky to get in on the biggest news story that has come along since the Story of Creation. There isn't a newspaperman in the country who wouldn't chop off his toes for the chance. I know I would. And I'm very, very happy.

WHEN I was a kid in Lake Charles, La., reading "The Dare Boys on the Brandywine" and "Surrey of Eagle's Nest" I used to wish I had been born a long time ago so that I could have ridden with Lighthorse Harry Lee or been with Pickett at Gettysburg.

But I was wrong. If I'd been born then I'd never have known about Krakow, and Corfu and Batan and Rangoon and the Solomon Islands. I'd never have had a chance to span an ocean on wings, and follow an army through the western desert, or go into India and Turkey and Iraq, or ride into Jerusalem on a jackass. But I was lucky. By an accident of time some or all these things are mine now.

I've been writing about New York for ten years. That's a long time. During that time more than six thousand of you have written me letters. Those letters came from little cow towns and big steel towns and from cities and hamlets and little highway villages between here and Shanghai and Honolulu and Lunenburg and wherever this column has appeared.

Answering those letters and writing about the things I have seen on Broadway and along the waterfront and at Harlem chicken heavens operated by Father Divine has been one whale of an experience.

I was in on the Lindbergh kidnapping story, and to the best of my knowledge I was the first newspaperman in New York who got his hands on the name of Bruno Richard Hauptmann, that stoical ex-machine-gunner of the Kaiser's army who was convicted of killing the Lindbergh baby and sent to the chair.

I saw Prohibition die, and with it that curious, bitter blossom of the prohibition years—the speak-easy. A few of those speak-easies successfully negotiated the transition to legality and today they are among our better known restaurants and nightclubs. But the great majority of them died as they lived, behind closed doors and drawn shutters.

I knew Billy Rose when he was a song-plugger and before he became sort of improbable half-pint Colossus of the theater-cabaret world whose idea of living space in a New York apartment was a nice over-sized wardrobe and who still hopes some day to take a small Balkan war on tour.

I knew Will Rogers and Lil Tashman and Osgood Perkins, and with them "Tex" Guinan, Helen Morgan, Daniel Frohman, Conde Nast, Heywood Brown, John Barrymore, and Alice Brady. When I first came to New York they were great names in the literary and theatrical worlds, but they are all dead now, and so is O. O. McIntyre and many, many others.

But times change, and so does a man's sense of values. (Tomorrow: That question "Why?")

TIMES TOPICS

BILL NOW A CHIEF

W. J. (Clambake Bill) Kline was in town yesterday and reports that he is now the head chef at the Sandwich and Waffle Shop, on Second street in Jamestown.

TO TOURNAMENT

D. A. Sealise, bridge tournament director for the Marconi Club, leaves today for Syracuse, N. Y., to participate in the team of four game of the winter national.

TWO FOR NAVY

Chief Petty Officer White, of the U. S. Navy enlistment corps, yesterday signed up two more Warren boys for service. William Hamilton Stewart, 22 Hemlock street, enlisted in the navy and Lee William Yaegle, of Russell, enlisted in the Construction Battalion of the Navy.

HAS APPOINTMENT

Miss Jean Kelley, a recent graduate of Hoff's Business College, has received an appointment in the department of agriculture in Washington, D. C., and has started her duties. In spite of reports of inadequate living quarters in the capital, Miss Kelley writes she had no difficulty in finding an apartment, which she shares with a cousin.

BUSSES CONSERVE GAS

Passengers on busses throughout this section are doing their part in the conservation of gas, according to reports of persons riding the routes. The busses upon reaching places where they stop for any length of time shut off their engines. This allows the car heaters to cease functioning and chills assail the passengers. Its only one of the privations due to the war.

EXPRESS IS HEAVY

Visions of the "good old days" when truck after truck was piled high with express packages were roused this morning when the Flyer from the east pulled into the local station. Not in some time have the express shipments been so heavy. Express and mail are heavy at the present time and the train express and mail crews work hard at each stop to get the packages and mail bags off the trains so that it will not throw the train off time.

SUCCESS ATTAINED

Bridge builders of the Pennsylvania railroad who have been endeavoring to place concrete piers under a new bridge at Johnsonburg have finally attained success. The bridge was washed out by the July flash flood and work of reaching hard pan for the pier foundation has been under way for some time. Under favorable conditions the pouring of concrete for the bridge would take a week, work having been started Sunday, but with this cold wave a longer time will be needed. From all indications the bridge building will occupy the crew at Johnsonburg for several weeks to come.

FINE SPECIMENS OF DEER

Perhaps not in years have the bucks shot in the woods of the county been such specimens as those that have been brought down this season. Reports are that the kill this year is also larger than it was last year. The deer herd is large and many hunters say that they see many herds of deer, but visibility in the woodlands is so poor that they are unable to distinguish the bucks from the does and have to withhold their shots until too late. One of the finest bucks brought to the city was on a car parked near the Texas Lunch for a time yesterday afternoon. Hunters who viewed it think the animal must have weighed close to 175 pounds and it was plump and fat.
